The **Hilton Lac-Leamy** has been certified BOMA BESt Level 2, while the **Casino du Lac-Leamy** received Level 3 certification. The new BOMA BESt certification program that began this fall is the next evolution of the Go Green and Go Green Plus BOMA programs. BOMA BESt measures the environmental performance of buildings and provides four possible levels of certification. Level 2 rewards a clear desire to engage in better management practices and improved understanding of what is required to reach a higher standard of performance. Level 3 certification is awarded to buildings that have been managed with energy and environmental performance in mind for several years and that satisfy BOMA best practices criteria.
